LinkedIn Followers:	5,277 500+ Connections
Headline:	Founder & CEO @SIN Education and Technology Empowering Future Tech Leaders PM Shri National AI Expert
Open To:	Volunteer — Animal Welfare, Education, Environment, Science & Technology

2. PROFESSIONAL SUMMARY

Leading SIN Education & Technology and the School of AI with a team focused on nurturing a community of tech innovators with a solid foundation in Artificial Intelligence and Machine Learning. BTU Gold Medalist (Top of Rajasthan, 2025) and PM Shri National AI Expert with 60+ global certifications from Stanford, IIT Madras, Vanderbilt, Google, IBM, and Meta. Founded SIN Education while completing the final year of B.Tech - demonstrating that entrepreneurship and academic excellence are not mutually exclusive. Completed an MBA in Artificial Intelligence & Data Science with 94% from Mody University and is currently pursuing a PhD in Computer Science Engineering (CSE). Pioneered initiatives including hackathons, NoCodeVerse workshops, SIN Exploration school programs, and the Indian Coding Council. Mission: Empower every student in Rajasthan - and India - to become an AI-enabled innovator.

Top Skills: Entrepreneurship | Leadership | Business Strategy | Generative AI | Mentoring

Profile Analytics: 500 profile views (recent) | 3,119 post impressions (7 days) | 107 search appearances

3. EDUCATION

1. Stanford University — Supervised Machine Learning Specialization

Program:	Specialization in Supervised Machine Learning, Artificial Intelligence
Duration:	May 2024
Grade:	A+
Platform:	Coursera (Stanford Online)
Notes:	Andrew Ng's flagship ML Specialization — globally recognized credential. Enrolled simultaneously with founding SIN Education.

2. Bikaner Technical University (BTU) — B.Tech in AI & ML with Gold Medal

Degree:	Bachelor of Technology (B.Tech) — CSE (AI & ML) — WITH GOLD MEDAL
Institution:	JIET Group of Institutions, Jodhpur (affiliated BTU)
Duration:	2020 – 2024
CGPA:	9.02 1st Merit — Top Topper of Entire Rajasthan
Convocation:	BTU 3rd Convocation 2025 — Gold Medal presented by Hon'ble Governor of Rajasthan, Shri Haribhau Kishanrao Bagde
Significance:	Founded SIN Education during final year while achieving the top rank in the state — top 0.1% of Rajasthan engineering ecosystem

3. Mody University of Science and Technology (MUCODE) - MBA in AI & DS

Degree:	Master of Business Administration (MBA) - Artificial Intelligence & Data Science
Duration:	July 2024 - July 2026 (Completed)
Percentage:	94%
Sem 3 Grades:	Legal Aspect of Business: A Strategic Management: A Financial Analytics: A+ AI for Managers: A Intro to ML: A+
Current Education:	Currently pursuing PhD in Computer Science Engineering (CSE).

4. IIT Madras — NPTEL Elite Certification

Program:	NPTEL Elite Certification — Python for Data Science
Duration:	January 2022 – February 2022
Grade:	Elite (Top tier in NPTEL grading)

Notes: One of India's most rigorous online programs — earned in 2nd year of B.Tech at age 19-20; IIT brand name adds strong credibility

5. VEPSUN Technologies, Bengaluru — ReactJS Certification

Program: Certification in React JS

Duration: June 2022 – July 2022

Grade: A+

Projects Built: Spotify clone, Netflix clone, Weather app, To-do list

Location: Marathalli, Bengaluru (on-site)

Notes: Proactively sought industry training in Bangalore during B.Tech — forged the build-first philosophy of SIN School of AI

6. St. Paul's Senior Secondary School, Jodhpur

Level: Senior Secondary (Class 12)

Duration: 2005 – 2020

Notes: 15-year foundation schooling in Jodhpur — institutional consistency from early age

Education Portfolio Summary: *Stanford + IIT Madras (NPTEL Elite) + BTU Gold Medal + Mody MBA in AI & DS (94%) + PhD in CSE (Pursuing) - a multidisciplinary academic path spanning AI, data science, engineering, business, and research.*

4. EXPERIENCE

1. Founder & CEO — SIN Education and Technology Pvt Ltd

Type: Full-time | January 2024 – Present (2 years 4 months)

Location: Jodhpur, Rajasthan, India (On-site)

Description: Student Innovation Network — platform for students to learn, connect, and innovate. Programs include hackathons, workshops, online/offline sessions, industry expert networking, and collaborative problem-solving.

Company Milestones:

- ISO 9001:2015 Certified — International Accreditation Forum (IAF) + Egyptian Accreditation Council (EGAC)
- Incorporated January 9, 2024 — MCA, Government of India
- Registered: MSME + Startup India
- Won JIET Startup of the Year Award
- Operates: SIN AI Studio | SIN School of AI | Xcellence Board
- HQ: Indrakaur Harikrishna Innovation Center, 1st Pulia, Jodhpur | Team: 13+
- Founded the Indian Coding Council (national coding contests & events across India)

2. Director — School of AI

Type: Full-time | June 2024 – Present (1 year 11 months)

Location: Bengaluru, Karnataka (Hybrid)

Description: Leading AI education at national level. Overseeing AI Essentials, Foundations & Prompt Mastery programs.

3. Director — SIN Innovation Centers India

Type: Full-time | SIN Education and Technology Pvt Ltd

Description: Directing the establishment and operations of SIN Innovation Centers across India — dedicated physical spaces where students build, experiment, and innovate with AI, XR, and emerging technologies. The flagship center is the Indrakaur Harikrishna Innovation Center, Jodhpur.

Vision: Building a pan-India network of innovation centers that serve as the physical backbone of SIN Education's mission — from Jodhpur to national scale.

4. Founder — DHANDO

Type: Full-time | September 2022 – Present (3 years 8 months)

Location: Jodhpur, Rajasthan, India (On-site)

Skills: Entrepreneurship, Business Strategy

5. Founder — Marvel Blog

Type: Self-employed | March 2020 – Present (6 years 2 months)

Notes: Earliest entrepreneurial venture. Long-running content and blog platform — started at age 17.

6. Founder — Harsh Purohit YouTube

Type: Part-time | September 2021 – Present (4 years 8 months)

Channels: Marvel Blog — vlog; motivation and exploration content | Harsh Purohit — technology, courses, knowledge

Skills: Machine Learning, Entrepreneurship, +12 more

7. Core Team Lead — Network Paper

Type: Full-time | August 2022 – Present (3 years 9 months)

Mission: Solving ICCR data management problem — making India truly paperless and Atmanirbhar (self-reliant)

8. Independent Business Consultant — Bada Business Pvt. Ltd.

Type: Part-time | March 2021 – Present (5 years 2 months)

Notes: Consulting with Dr. Vivek Bindra's platform. Consulted 100+ personalities.

9. Internshala Student Partner (ISP) — Internshala

Type: Full-time | June 2023 – July 2024 (1 year 2 months)

Description: Campus brand ambassador; organized college events, content creation, internship/training promotion

10. President — TSDC, JIET Group of Institutions

Type: Full-time | April 2023 – July 2024 (1 year 4 months)

Description: Led the Technical Skill Development Cell — programming, data structures, web dev, clubs, startup incubation. Led entire technical ecosystem of JIET.

11. Secretary — Student Council (Technology Dept.), JIET

Type: Part-time | October 2021 – April 2023 (1 year 7 months)

Description: Student governance and representation, Technology Department, JIET

12. Project Leader — JIET (Flipkart Grid 3.0 Bots)

Type: Full-time | September 2021 – December 2021 (4 months)

Description: Built fully automated Flipkart delivery bots using Arduino — all integrations controlled via backend PC coding. Led in 1st year of B.Tech.

13. Intern — Rethink UX

Type: Internship | June 2023 – July 2023 (2 months) | Chandigarh, On-site

Work: Aadhaar card scanned copy processing; implemented machine learning algorithms

14. Intern — Engineer's Cradle

Type: Internship | March 2022 – May 2023 (1 year 3 months) | Online

5. LICENSES & CERTIFICATIONS (50+ TOTAL)

5A. Generative AI & Prompt Engineering

#	Certification	Issuer	Date
1	Figma AI: Productivity Tools for Designers	Skills Booster / Coursera	Mar 2026
2	Generative AI Strategic Leader (Specialization)	Vanderbilt University	Dec 2025
3	Generative AI Primer	Vanderbilt University	Dec 2025
4	Generative AI Deep Research: Strategic AI Edge for Leaders	Vanderbilt University	Dec 2025
5	Generative AI for Product Managers Specialization	IBM	Aug 2025
6	Generative AI for Legal Services Primer	Vanderbilt University Law School	Jun 2025
7	Prompt Engineering for Law Specialization	Vanderbilt University	Jun 2025
8	OpenAI GPTs: Creating Your Own Custom AI Assistants	Vanderbilt University	Jun 2025
9	Agentic AI and AI Agents for Leaders Specialization	Vanderbilt University	Jun 2025
10	Agentic AI and AI Agents: A Primer for Leaders	Vanderbilt University	May 2025
11	Prompt Engineering for ChatGPT	Vanderbilt University	May 2025
12	AI Essentials and Prompt Mastery	SIN School of AI	May 2025
13	Content Marketing Using Generative AI	Univ. of Virginia Darden School	May 2025
14	Generative AI for Everyone	DeepLearning.AI	Apr 2024
15	Generative AI for Product Managers Specialization	IBM + Skill Up EdTech	May 2024
16	Generative AI: Supercharge Your Product Management Career	Skill Up Online	May 2024
17	Generative AI: Prompt Engineering Basics	IBM	May 2024
18	Generative AI: Introduction and Applications	IBM	May 2024
19	Generative AI Fundamentals	Google	Oct 2023
20	Introduction to Responsible AI	Google	Oct 2023
21	Introduction to Large Language Models	Google	Oct 2023
22	Introduction to Generative AI	Google	Oct 2023

5B. Machine Learning & Deep Learning

#	Certification	Issuer	Date
23	Supervised Machine Learning: Regression & Classification	Stanford / DeepLearning.AI	Apr 2024
24	Improving Deep Neural Networks: Hyperparameter Tuning	DeepLearning.AI	Jun 2024
25	Neural Networks and Deep Learning	DeepLearning.AI	May 2024
26	University Admission Prediction (Multiple Linear Regression)	Coursera	May 2024
27	Deep Learning for Real Estate Price Prediction	Coursera	May 2024
28	Python for Data Science, AI & Development	IBM	Apr 2024

#	Certification	Issuer	Date
29	Python for Data Science	IIT Madras (NPTEL)	Feb 2022
30	Microsoft Azure AI ML Fundamental Challenge	Microsoft Student Ambassadors	Feb 2023
31	Blockchain and its Applications	IIT Kharagpur	Apr 2022

5C. Data, Business Intelligence & Product Management

#	Certification	Issuer	Date
32	The Art of Storytelling	IESE Business School	Aug 2025
33	Visualizing Data with Google Data Studio	Google Cloud Community India	Aug 2025
34	HR Analytics: Build an HR Dashboard (Power BI)	Coursera	May 2024
35	Getting Started with Power BI Desktop	Coursera	May 2024
36	Understanding the Enterprise Systems Environment	SAP	May 2024
37	SAP Professional Fundamentals	SAP	May 2024
38	Product Management: Building AI-Powered Products	SkillUp Online	May 2024
39	Agile Projects: Developing Tasks with Taiga	Coursera	May 2024
40	Storytelling and Influencing: Communicate with Impact	Macquarie University	Apr 2024
41	Data Science Orientation	Coursera	Sep 2023
42	The Datapreneurs: AI Book Bite	LinkedIn	Jul 2024

5D. Web Development & Technology

#	Certification	Issuer	Date
43	Introduction to Front-End Development	Meta	May 2024
44	Crash Course on Python	Google	Mar 2024
45	React JS	VEPSUN	Aug 2022
46	Accenture Nordics Developer Internship Program	Accenture	Jul 2023
47	Participation in IDEASCOPE Competition	IIT (BHU) Varanasi	Apr 2022
48	Reviving the Secret of Open Source	Microsoft Student Ambassadors	May 2021
49	Independent Business Consultant Credential	Bada Business Pvt. Ltd.	Mar 2021

6. PROJECTS (18 ACTIVE & COMPLETED PROJECTS)

FLAGSHIP ACTIVE VENTURES (Currently in Development / Live)

1. Xcellence Board — India's Premier AI-Powered Skill Intelligence Platform

Status:	LIVE — xcellenceboard.com SIN Education and Technology Pvt Ltd
Platform:	Built on Next.js Node.js Supabase Gemini API B2B2C Revenue Model
Description:	India's first gamified, AI-powered Skill Intelligence Platform — making talent measurable, visible and actionable. Described as 'LinkedIn for India's future talent' — maps student skills, career DNA, and real-time institutional performance.
Live Traction:	97+ Active Students 13+ Partner Institutions 40,332 Top SINERGY Points National Leaderboard Active
Partnerships:	Lucky Institute of Professional Studies (Jodhpur) Lachoo Memorial College of Engineering (Jodhpur) Jaipur expansion confirmed

Key Features:

- Career Intelligence DNA — Psychometric AI (Big 5 personality + aptitude + learning style) with ranked career match % probabilities
- Mission Quests — Gamified career roadmaps with SINERGY Points, strategic phases & AI Mentor agents
- Xcellence Cell — On-campus TPO unit operating as 3rd-party placement partner (Rs. 500/student/month)
- 7 Revenue Streams — Cell enrollment | Company subscriptions | Career DNA reports | Mentor commissions | Ad Manager | Events | Verify API
- Xcellence Ad Manager — Independent native ad platform (no Meta/Google dependency) | Rs. 5K–50K/campaign
- Excellence Verify API — Credential verification-as-a-service for companies & government agencies
- Chanakya AI (Phase 2) — India's sovereign skill intelligence model in development — indigenous AI for national talent policy

Market: TAM: Rs. 4,800 Cr | SAM: Rs. 480 Cr | SOM Year 3: Rs. 48 Cr | Seed Round: Currently Raising

2. Orbit — Comprehensive Learning Management System (LMS)

Status:	Active Development SIN Education and Technology Pvt Ltd sintechnologies.in
Description:	Orbit is SIN Technologies' comprehensive Learning Management System — designed to transform an institute's entire learning experience. A full-featured LMS with academic management, secure authentication, assessment, and payment infrastructure.

Core Features:

- Academic Dashboard — Full institutional academic management and analytics
- Secure Authentication — Multi-layer secure login and access control
- Offline Exams — Conduct and manage examinations without internet dependency
- Attendance Tracking — Automated and manual attendance management systems
- Transparent Pricing — Clear, student-friendly fee and pricing visibility
- Manual & QR-based Payment Tracking — Complete fee management with QR scanning

Tagline: 'Transform Your Institute's Learning Experience' | Sign Up: sintechnologies.in

3. DeepVision — Rajasthan Immersive Heritage & Time Travel XR Platform

Status:	Proof of Concept — Ready for Rajasthan Forts SIN Mixed Reality Studio, SIN Technologies
Technology:	AR (Augmented Reality) + VR (Virtual Reality) + AI Aligns with Digital India AVGC-XR sector
Description:	DeepVision transforms Rajasthan's heritage tourism through immersive Time Travel experiences. Tourists scan QR codes at forts to instantly overlay historical AR scenes — royal courts, ancient battles, and daily life from centuries past — onto the present-day environment.

Key Features:

- AR Time Travel Mode — Scan QR codes at heritage sites to launch historical AR overlays instantly
- Premium VR Stations — 360-degree fort walkthroughs, royal lifestyle simulations, interactive historical learning
- AI-Powered Multilingual Narration — 150+ Indian and global languages, real-time translation, sign language support
- Seamless Transition — Switch between present-day and historical eras with a single tap
- B2B Government Licensing — Tourism board platform licensing + revenue sharing with heritage sites

Projected Impact:

- 40% increase in visitor engagement time at heritage sites
- 25% boost in premium tourism revenue through XR experiences
- 90% of global tourists can experience heritage in their native language
- Cultural Preservation — Digitizing and immortalizing Rajasthan heritage for future generations

Business Model: Pilot Phase (1-2 forts, 3 months) → State-Wide Expansion → B2B Govt. Licensing → Tourism Portal Integration

4. AI Diary — AI-Powered Personal Journaling & Reflection Platform

Status:	Active Development SIN Education and Technology Pvt Ltd
Description:	AI Diary is a flagship AI-powered personal journaling product by SIN Technologies — designed to transform how individuals capture, reflect on, and learn from their daily experiences. An intelligent digital diary that uses AI to provide insights, patterns, and reflective prompts based on the user's entries.
Vision:	Making personal reflection smarter — helping students, founders, and professionals turn daily experiences into structured growth using AI.

Significance: Part of SIN's broader EdTech + Personal AI product ecosystem — bridging self-awareness with AI-powered productivity.

COMPLETED & ONGOING PROJECTS

5. DivyaGPT — India's First AI Education App

Duration:	March 2024 – Present SIN Education and Technology Pvt Ltd
Description:	India's first AI-based education app using NLP & ML to transcribe instructor voice commands into notes, summaries, glossaries, mindmaps, and flowcharts — automatically emailed to all students post-session.

Features:

- Voice Command Integration | Automated Note Generation | Summary Generation
- Glossary Creation | ML-generated Mindmaps and Flowcharts

- Automatic Emailing to Participants | Customization Options | User-Friendly Interface

Links: [GitHub: Harshvardhan1609/divyagpt](#) | [YouTube Demo](#) | [Pitch Deck](#)

6. Mody University Agentic AI Application

Duration:	April 2025 – May 2025 Mody University (MUCODE)
Description:	Next-gen GPT-based multi-agent educational platform. Built with Google Gemini 1.5 + Next.js. Deployed at mucodeagents.netlify.app . Supports academic research, content generation, finance, career guidance, and admin queries.
Outcomes:	52% time saving on assignments 40% reduction in lecture prep time 60% faster query resolutions

7. Network Paper Website

Duration:	August 2022 – Present Network Paper
Description:	Website connecting Network Paper UI and mobile app for paper-free, Atmanirbhar India data management. URL: networkpaperind.netlify.app

8. HR Analytics Dashboard (Power BI)

Duration:	May 2024 SIN Education and Technology
Description:	Microsoft Power BI HR dashboard with employee detail pages, charts, navigation — professional UI for HR data visualization.

9. Deadlift Detection App (Python, ML & CV2)

Duration:	March 2023 – May 2023 SIN Education
Description:	Computer Vision app using OpenCV & ML for real-time deadlift form detection and body landmark tracking. Pickle serialization. Targets Cultfit, HRX.

10. SWORD — OpenAI GPT-4.0 AI Article Summarizer

Duration:	April 2023 SIN Education
Description:	URL-based article summarizer — paste any URL and GPT-4.0 generates a complete summary.

11. Jietdat Department Website

Duration:	October 2022 – December 2022 JIET / BTU
Description:	Official IT Department website at JIET — student council, events, gallery, Resonance College Fest link. URL: jietdat.netlify.com

12. HP MUSIC — Spotify Clone

Duration:	July – August 2022 SIN Education
------------------	------------------------------------

Description: Full music player with lyrics, artist details, and top charts. Built using Shazam API for data fetching.

13. Helix TV — Netflix Clone

Duration: July – August 2022 | SIN Education

Description: Netflix clone for displaying trailers — built using TMDB API for posters and trailer data fetching.

14. SAP Customer Analysis — Royal Greenland A/S

Associated: SIN Education and Technology

Description: Enterprise case study — 200-year-old Arctic seafood company. Analyzed manual catch registration problem; recommended mobile/digital solutions for efficiency, transparency, and fisherman pricing improvement. Output: Executive Summary PPT.

15. Deep Learning — Real Estate Price Prediction

Associated: SIN Education

Description: Deep learning model for real estate price prediction using neural network architectures and hyperparameter fine-tuning beyond traditional regression.

16. University Admission Prediction — Multiple Linear Regression

Associated: SIN Education

Tasks: EDA | Data Visualization | Linear Regression | ANN | Random Forest | Decision Tree | Regression KPIs

17. Flipkart Grid 3.0 Delivery Bots

Duration: July 2020 – December 2020 | JIET | 1st Year of B.Tech

Description: Synchronized delivery bots on a network — fully automated using Arduino console + backend PC coding with precision timing. Earliest documented technical project.

18. Dhando & Pushkarna Website

Associated: DHANDO venture | 4 contributors | Live project links available

Pushkarna: Live website project — active deployment

7. VOLUNTEERING

1. Instructor — Generative AI, JIET Group of Institutions (Most Significant)

Duration: October 2023 – Present (2 years 7 months) | Category: Education

Description: Teaching Generative AI as part of skill enhancement classes (Google Batch) at JIET — own alma mater. Running simultaneously with founding and running SIN Education. Most impactful ongoing volunteer role — the living embodiment of the SIN mission.

2. Business Consultant — Bada Business Pvt. Ltd.

Duration: August 2021 – Present (4 years 9 months) | Category: Education

Description: Business consulting volunteer. Consulted 100+ personalities across the Bada Business platform.

3. College Representative — BNI (Business Network International)

Duration: April 2023 (1 month) | Category: Social Services

Description: Represented college at BMI Business Meet — attended workshops, panel discussions by industry experts, global networking, connected with top companies for internship/mentorship pathways.

4. Technical Head — Resonance 2K23, JIET

Duration: January 2023 – March 2023 (3 months) | Category: Politics

Description: Organized multiple events for Resonance 2K23 (JIET's largest annual college festival) — creating powerful, impactful event experiences.

5. Technical Coordinator — Resonance 2022, JIET

Duration: February 2022 – March 2022 (2 months) | Category: Science & Technology

Description: Organized the Squid Game event at JIET college fest — led over 20 volunteers.

6. Trainee — VEPSUN Technologies, Bengaluru

Duration: July 2022 – August 2022 (2 months) | Category: Education

Description: ReactJS training at VEPSUN, Marathalli, Bengaluru.

7. Anchoring — Meraki Fashion Show, JIET

Duration: December 2021 (1 month) | Category: Arts & Culture

Description: Anchored the grand Meraki fashion show at JIET in first year of B.Tech — demonstrated public presence and stage confidence from day one.

8. PUBLICATIONS

1. Research Paper — Spatiality in Audio Data Emotional Recognition (AIFDR)

Publisher:	SSRN (Social Science Research Network)
Date:	July 1, 2024
Link:	papers.ssrn.com/sol3/papers.cfm?abstract_id=4881749
Description:	Research paper from R&D Department of SIN Education and Technologies. Explores audio data emotional recognition using AI-based Feature Dimensionality Reduction (AIFDR).
Significance:	Rare — not many startup founders at this stage have a published research paper. Adds serious intellectual credibility.

2. Technical Communication One Shot Series

Publisher:	Student Innovation Network
Date:	November 26, 2023
Description:	Exclusive Technical Communication revision one-shot guide for students — available via Google Drive.

9. RECOMMENDATIONS RECEIVED (5 TOTAL)

1. Prof. Reva Prasad Mishra

Date:	June 14, 2025 Managed Harshvardhan directly
Profile:	Professor, Trainer, Motivational Speaker, Researcher, PhD Supervisor — 19+ years' experience
Excerpt:	About Er Harshavardhan — He is excellent man of wisdom.

2. Dipesh Vaya

Date:	March 28, 2025 Taught during B.Tech. at JIET
Profile:	Assistant Professor, CSE at SPSU Udaipur
Excerpt:	I highly appreciate the enthusiasm and honesty HARSHVARDHAN has in his work. I strongly recommend him.

3 additional recommendations received — not publicly visible in detail

10. COMPLETE ACHIEVEMENTS MASTER LIST

10A. Academic Excellence

- **BTU Gold Medal (1st Merit) — Top of Rajasthan — B.Tech. CSE AI & ML — CGPA 9.02**
- Awarded at BTU 3rd Convocation 2025 by Hon'ble Governor of Rajasthan, Shri Haribhau Kishanrao Bagde
- MBA in AI & DS - 94% - Mody University | Currently pursuing PhD in CSE
- Stanford Supervised ML Specialization — Grade A+
- IIT Madras NPTEL Python for Data Science — Elite Grade
- VEPSUN ReactJS Training — Grade A+

10B. National Competitions & Hackathons

- Mindshphere Jodhpur Hackathon Winner — Google Developer Student Clubs (Nov 2021)
- Smart India Hackathon — Grand Finale Participant (Aug 2022)
- Mood Indigo, IIT Bombay — Contingent Leader (Apr 2023) — India's largest college cultural festival
- IDEASCOPE Competition Participant — IIT (BHU) Varanasi (Apr 2022)
- Blockchain & Applications — IIT Kharagpur (Apr 2022)
- Microsoft Azure AI ML Fundamental Challenge (Feb 2023)

10C. College & Institutional Awards — JIET

- JIET Startup of the Year Award — SIN Education
- Best Student Activity Club of JIET (Mar 2023)
- 1st Prize — Best Working Project (Generative AI) (Dec 2023)
- 2nd Prize — Creative Idea Competition (Dec 2023)
- Certificate of Appreciation — JIET (Feb 2024)
- 1st Prize — Short Film Making, Resonance (May 2022)
- Startup Winner — Resonance (May 2022)
- 2nd Prize — Marketing Competition, Resonance (May 2022)
- Best Reference Award — Youth Parliament, Resonance (May 2022)
- Anchored Meraki Fashion Show (Dec 2021)

10D. Mood Indigo, IIT Bombay (Apr 2023)

- Mood Indigo Contingent Leader
- Participant — Desi Beats | Reportage | MI The Best | Mr & Mrs Mood Indigo | Spotlight

10E. Company & Startup Milestones

- ISO 9001:2015 Certified — IAF + EGAC
- Registered: MSME + Startup India + MCA (January 9, 2024)
- Opened Indrakaur Harikrishna Innovation Center, Jodhpur
- Nikon ZR Partnership — Brand collaboration
- SIN Campus Ambassador Program 2026 — Phase 1 & 2 launched
- SIN AI Studio | SIN School of AI | Xcellence Board — All operational
- Founded Indian Coding Council — national coding contests and events platform

10F. Speaking & National Recognition

- PM Shri National AI Expert — National Government Recognition
- Speaker — Google DevFest Jodhpur 2025 (Generative AI for Startups: Hype vs Reality)
- Invited Speaker — AI Week 2026, Lachoo Memorial College of Science & Technology
- Featured on Founder Open Talk Podcast (13-min interview with Krishna Kumar)
- National Stage representation for SIN Education

11. PUBLICATIONS & BOOKS (22+ PUBLISHED WORKS)

Er. Harshvardhan Purohit is one of the very few startup founders in India who is also a published author of 27+ works — including 20+ handwritten books spanning all major Engineering topics, MBA-level Business Strategy books, and a peer-reviewed research paper. The full collection of engineering books is available to explore in his LinkedIn Documents section and free to download from his Wix website.

Source	Count & Type	Access
LinkedIn Publications	17 entries — Research paper, guides, tech books	Public
Wix Website (HP Presents)	20+ handwritten books — All major Engineering topics	Free — Google Drive
LinkedIn Documents Section	20+ books explorable directly on LinkedIn profile	linkedin.com/in/harshvardhan1609
Gumroad (ceoharsh.gumroad.com)	5 paid books — MBA Business series	Paid @ Rs. 99 each
SSRN Academic	1 peer-level research paper with novel algorithm	Open Access
SIN Publications	1 educational series (Technical Communication)	Free — Google Drive

Total: 20+ handwritten engineering books + 5 MBA Gumroad books + 1 research paper + 1 educational series = 27+ published works

11A. Research Paper (Academic / Peer-Level)

Title:	Spatiality in Audio Data Emotional Recognition and Dimensionality Reduction using AIFDR
Publisher:	SSRN (Social Science Research Network)
Date:	July 1, 2024
Authors:	Er. Harshvardhan Purohit + Co-authors (R&D Dept., SIN Education & Technologies)
Link:	papers.ssrn.com/sol3/papers.cfm?abstract_id=4881749
Abstract:	Introduces AIFDR — Audio Inference and Frequency Dimensionality Reduction — a novel algorithm for sparsifying audio data using two sub-methods: LPMR (Linear Propagated Max Reduction) and LPAR (Linear Propagated Average Reduction). Applied to audio data emotional recognition tasks.
Significance:	Genuinely original algorithmic contribution — naming and proposing a new dimensionality reduction algorithm is research-level work that sets Harshvardhan apart from most startup founders.

11B. Educational Series & Guides (SIN Publications)

Title:	Technical Communication One Shot Series
Publisher:	Student Innovation Network (SIN)
Date:	November 26, 2023
Type:	Educational Guide / Revision Material

Description: Exclusive Technical Communication one-shot revision guide for engineering students — quick, comprehensive exam and concept preparation. First SIN-branded publication — marks the beginning of SIN's knowledge publishing arm.

Access: Free — Google Drive (shared)

11C. HP Presents — Self-Published Books (2021–2023) | 20+ Books | Free on Google Drive

20+ handwritten books published under the 'HP Presents' brand — covering all major Engineering topics comprehensively. Published between ages 19–21 during B.Tech at JIET. The complete collection covers the entire BTech engineering curriculum spanning Physics, Mathematics, Programming, Electrical Engineering, Databases, AI/ML, Compiler Design, HCI, Dart, Cognitive Science and more. All books are available to explore in the LinkedIn Documents section (Profile > Featured > Documents) and free to download via the Wix website.

Browse & Download All Books (Wix): <https://harshvardhanpurohi.wixsite.com/harshvardhan/books>

#	Book Title	Major Engineering Topic	Date
1	Laboratorio Guides	Engineering Lab Manual — All Branches	Aug 2021
2	Hawk Marketing	Marketing Strategy & Business	Nov 2021
3	Art of Communication	Communication & Soft Skills	Dec 2021
4	Power of Physics	Engineering Physics	Jan 2022
5	Code Log	Programming & Algorithms	Jan 2022
6	Maths Blockbuster	Engineering Mathematics	Jan 2022
7	Light Up BOEE	Basics of Electrical Engineering	Feb 2022
8	DBMS	Database Management Systems	Sep 2022
9	Boon of Machine Learning	Artificial Intelligence / ML	Sep 2022
10	HIPAI	Human Info Processing & AI (Interdisciplinary)	Sep 2022
11	Discrete Mathematical Structures	CS Mathematics / Graph Theory / Combinatorics	Oct 2022
12	Miracles of Dart	Dart / Flutter Programming	Oct 2022
13	Kings of Compiler Design	Compiler Theory / CS	May 2023
14	Minds and Machines	Human-Computer Interaction / UX	May 2023
15+	Additional Books on LinkedIn	More major Engineering topics available in LinkedIn Documents section	2021–23

Note: The above table lists 14 documented titles. The total handwritten collection comprises 20+ books covering all major engineering topics — explore the complete collection in the LinkedIn Documents section or download from the Wix website.

Highlights: 'Boon of Machine Learning' (Sep 2022) was written before most people in Rajasthan were talking about ML — showing early conviction and foresight. 'HIPAI' (AI + Cognitive Science intersection) is ahead of its time and highly relevant to 2025–26 AI discourse.

11D. Gumroad MBA Series — Business & Management Books (Rs. 99 each)

5 paid books published on Gumroad - directly aligned with MBA in AI & DS at Mody University. Demonstrates real-time application and monetization of MBA learnings as a CEO.

Store: <https://ceoharsh.gumroad.com>

#	Book Title	Domain	Price	Link
1	Financial Intelligence in Action: Strategic Decision Making, Risk Management & Data-Driven Finance	Finance / Business Strategy	Rs. 99	ceoharsh.gumroad.com/l/financialintelligenceinaction
2	The Strategic Mindset: A Practical Guide to Modern Business Decisions	Business Strategy / Leadership	Rs. 99	ceoharsh.gumroad.com/l/TheStrategicMindset
3	Business Laws in Action: Cases, Concepts & Compliance	Business Law / Compliance	Rs. 99	ceoharsh.gumroad.com/l/businesslawsinaction
4	Strategic Operations Mastery (Exclusive Edition) — by Er. Harshvardhan Purohit	Operations Management	Rs. 99	ceoharsh.gumroad.com/l/strategicoperationsmastery
5	Strategic Human Resource Planning (Exclusive Edition) — by Er. Harshvardhan	HR Strategy / Workforce Planning	Rs. 99	ceoharsh.gumroad.com/l/strategichrd

11E. Publishing Journey — 4-Phase Analysis

Phase	Period	Description
Phase 1 — The Engineering Student Author	2021–2022	12 books covering entire BTech engineering curriculum — Physics, Maths, DBMS, Electrical, Programming, Communication, Marketing. Extraordinary volume for a 19-year-old BTech student.
Phase 2 — The AI & CS Specialist	2022–2023	6 books on AI/ML, Cognitive Science, Compiler Design, HCI/UX, Discrete Maths, Dart/Flutter. Reflects growing specialization in AI/ML aligned with BTech major.
Phase 3 — The EdTech Institutional Publisher	2023–2024	Technical Communication One Shot Series (SIN brand) + SSRN research paper. Transition from individual author to institutional knowledge creator with peer-reviewed research.
Phase 4 — The MBA Business Author	2025–2026	5 Gumroad books on Finance, Strategy, Business Law, Operations, HR — directly aligned with MBA subjects. Demonstrates applying and monetizing MBA learnings in real time as CEO.

Strategic Insight: The progression from 20+ free engineering books → SSRN research → paid Gumroad MBA books tells a story of evolving expertise and increasing authority — from freely giving as a student to confidently monetizing expertise as a CEO. With 27+ published works, this is a massive differentiator that very few Indian founders can claim.

Document compiled from complete LinkedIn profile scan + Publications & Books research — Education, Experience, Certifications (50+), Projects (14), Volunteering (7), Publications (27+ works), and Achievements of Er. Harshvardhan Purohit.
